Traveller Comfort

We welcome all travellers on our tours but we would like to ensure your comfort and enjoyment, so please ensure that you are happy with the below information and level of fitness required.

Expat Explore tries to be as accommodating as possible, however, our tours are unfortunately not designed for people travelling with wheelchairs or severe mobility issues.

Our tours are fast paced because they are designed for you to see the most a destination has to offer. We also want to ensure that you explore as much as possible, which may require long periods without stops on the coach as we drive to new destinations.

We offer walking tours in most cities (up to 3 hours), and a wheelchair is not always a practical option as there are often cobbled streets and stairs on these tours.

For travellers in wheelchairs, you will only be able to store your wheelchair under the coach with the other luggage. Thus, on the long drives between cities you will not necessarily have access to your wheelchair if we make a quick bathroom stop along the way. Please note that travelling with a wheelchair could prove difficult as our coaches don't have wheelchair lifts, as such you will need to be able to board and alight the coach on your own.

With regards to our accommodation, not all hotels have lifts and this can potentially mean having to carry bags up and down stairs.

For more information regarding traveller fitness please see our Terms and Conditions (https://expatexplore.com/terms-conditions/#user-content-a10-fitness-to-travel-age-and-medical-conditions).
