

Additional information for Eastern USA & Canada Escape (incl. New York) • Expat Explore

Visas

Most nationalities will require pre-arranged visas or Electronic System for Travel Authorization's (ESTA's) for the USA and Canada for this tour. Please see our visas page (/visas/) for more information. It is your responsibility to contact the relevant embassy to confirm your visa requirements. Where a visa is required Expat Explore can provide support documentation upon request - please contact us for more information.

Passports

This should be valid for at least six months after you have returned home from your trip. You should also have at least two blank pages as visas and entry/exit stamps can take up a whole page.

On Tour Costs

Please refer to the tour itinerary for full details of the activities and meals that are included in the tour cost, and those which are optional/extra. We would recommend budgeting \$50-75 per day (this excludes optional excursions, see the essential tour information page (<https://expatexplore.com/tours-help/?t=21667>) for details and prices).

Room Sharing

Please note, by default all rooms are twin bed rooms.

- **Partners:** When you book for more than one person, we will by default group you together in a room (unless you specifically request us not to). If you are unequal numbers (3, 5, 7 etc.) and we are unable to secure a triple room then the remaining traveler will be roomed with another passenger of the same gender.
- **Single Travelers:** If you are travelling alone there is no compulsory charge - you will share a twin room with another passenger of the same gender. There is an optional single supplement/private room upgrade available for single travellers who wish to have a private room. This can be added at the time of booking or by contacting our customer services team. Please note that the room provided may be a single room with a single bed.
- **Triple Room requests:** We can generally provide a triple room on request; however it is not guaranteed to be available in every destination. Please contact our customer services team to request a triple room. Please note that in some hotels, the triple may be a double and a single bed, or the third bed may be a pull-out or bunk-bed. Where we cannot provide a triple room the rooming will consist of one twin room and the third passenger sharing with another single traveller of the same gender.

Free Time

In some destinations you will have a full free day, where you can choose to join our optional excursions or explore on your own.

Expat Explore tries to be as accommodating as possible, however, our tours are unfortunately not designed for people travelling with wheelchairs or severe mobility issues.

Our tours are fast paced because they are designed for you to see the most a destination has to offer. We also want to ensure that you explore as much as possible, which may require long periods without stops on the coach as we drive to new destinations. We offer walking tours in most cities (up to 3 hours), and a wheelchair is not always a practical option as there are often cobbled streets and stairs on these tours.

For travellers in wheelchairs, you will only be able to store your wheelchair under the coach with the other luggage. Thus, on the long drives between cities you will not necessarily have access to your wheelchair if we make a quick bathroom stop along the way. Please note that travelling with a wheelchair could prove difficult as our coaches don't have wheelchair lifts, as such you will need to be able to board and alight the coach on your own.

With regards to our accommodation, not all hotels have lifts and this can potentially mean having to carry bags up and down stairs.

For more information regarding traveller fitness please see our Terms and Conditions (<https://expatexplore.com/terms-conditions/#user-content-a10-fitness-to-travel-age-and-medical-conditions>).
